## **Assembling the Outdoor Power Kit**

### **Overview**

Mid-Grade Battery Option (AGM): 100 Amp Hour AGM Battery Highest Quality Battery  
Option (LiFePO4): LiTime 100Ah Deep Cycle LiFePO4 Battery 100 Watt Solar Panel  
DeWalt Tool Box Solar Charge Controller Fuse Block USB Socket Panel (I Purchased.  
Now that you've gathered everything you need for your DIY solar power station, it's  
time to get building! I began by drawing up a crude wiring. We'd love to hear from  
you and see how your DIY power station turned out! DM us a photo or video of your  
project in action. Have any questions?

. One important factor to consider when building this DIY solar power station: Since  
I've gone with a flooded lead-acid battery, it is extremely important to not drain the  
capacity past 50%. This is due to something called depth of discharge (D.O.D).  
Flooded.
